Dear Ken,

Just a note of thanks for arranging my move on February 5th from the Heritage Apts to the W.L. Villa apts.

The two young men you assigned were most professional and worked non stop in moving me out. The Villa was the pits in that the freight elevator was being serviced & they had to work around the tenants' usage of the small elevator. What a waste of their time.

If you have Employee(s) of the Month, both should get the February award. Thanks again and I'll be sure to recommend your Company in the future.
